At PHYNIXtanz: PABLO PUGLIESE & NOEL STRAZZA (BsAs)

Pablo Pugliese and Noel Strazza of Argentina have developed extensive solo careers in Argentine tango and contemporary dance. In 2006 they began dancing, teaching and creating artistic works together and today figure prominently among the most prestigious tango couples in the world.

They have been performing and teaching their distinctive style of dance throughout North America and Europe, and have performed in the major tango festivals worldwide. Their artistic vocabulary fuses contemporary dance with Argentine tango and has evolved into their own unique choreographic style. Both are also regular guest instructors with Studio Tango Montreal and Dance Manhattan Studio in NYC.

The made a lot of friends because of their profound knowledge, clear, structured lessons and because of their appealing charme.
